November 2004

The Pivot Point of Style and Comfort

Smithfield, RI- Uvex®, the trusted brand and leading manufacturer in safety eyewear has now brought the safety industry to the pivot point of style and comfort with its latest product, The Uvex Pivot™.

The sporty look of the Pivot is created by premium style features, including new Blue Ice and Hot Orange multi-layered mirror lens options. Its two-tone frame with textured in-mold design comes in combinations of Black/Silver and Blue/Water. The sporty features allow workers to feel confident and fashionable as they protect their eyes from injuries.

The Pivot also utilizes Uvex's patented MMT-Multi-Material Technology® which combines soft, elastomer materials for cushioned comfort all-day long. Additional comfort features include ratcheting temple angle adjustment, ventilation channels to minimize fogging, and an assortment of lens tints and Uvex Ultra-dura® hardcoat and Uvextrema® AF coatings.

The Uvex Pivot launched this past October at the National Safety Council Trade Show in New Orleans. To experience the new Uvex Pivot, log on to WWW.UVEX.COM.

Uvex is a brand of Bacou-Dalloz Eye and Face Protection, Inc., a division of the Bacou-Dalloz Group. Bacou-Dalloz is the world leader in the design, manufacturing and sale of Personal Protective Equipment (PPE). Bacou-Dalloz provides unmatched head-to-toe protection through three strategic business segments: head, body and fall protection. Bacou-dalloz offers a full product range aimed at the manufacturing, construction, telecommunications, medical, public services and other sectors. Distributors deliver Bacou-Dalloz PPE worldwide.
