

Faces come in all
different shapes and sizes.

The Uvex FitLogic®

The **Uvex FitLogic** is the first safety eyewear that adjusts to fit any face comfortably. Using groundbreaking design and smart engineering, Uvex has achieved an unprecedented level of comfort-adjustability. Wearers can adjust it any way they want to match their facial profile. With soft, lightweight materials, cushioned contact points and a secure, precise fit, the definition of worker comfort is redefined. **Never before has there been so much comfort for so many faces.**

Nothing Protects Like Uvex.®

uvex®

The Uvex FitLogic®

The most comfortable fit you've ever had.

The Uvex FitLogic incorporates a revolutionary frame design with a soft, lightweight browbar that adjusts to any face shape. In addition, a pioneering nosepiece design rotates, pivots, and slants to provide face-contouring comfort for all day wear. Flexible, expandable, durable, lightweight *and* comfortable, nothing fits or feels as good as the Uvex FitLogic.

The key to comfort is fit.

Comfort Features:

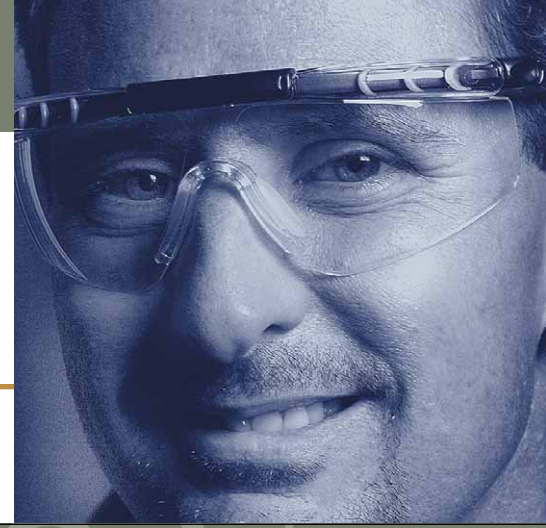

- Uvex patented MMT – Multi-Material Technology® positions cushioned comfort at all points of contact
- IMA – In-Mold Assembly technology allows revolutionary product features to tailor-fit any face shape and size
- Soft materials offer extended comfort for all day wear
- Proprietary Floating Lens™ design provides excellent ventilation to minimize fogging

Lens Features:

- Extended wrap-around lens provides extra cheek and side coverage
- Optically perfected polycarbonate lens blocks 99.9% of UV rays
- Easy and quick lens replacement system
- Reading magnifiers available in +1.5, +2.0 and +2.5 diopter strength
- Lenses are available with Ultra-dura® hard coat or Uvextreme® anti-fog coating

Additional Features:

- Passes ANSI Z87+ and CSA Z94.3 standards
- Meets Military V₀ ballistic impact test
- 100% dielectric
- Uvex lifetime frame guarantee

face profile

1 **Revolutionary browbar self-adjusts for secure fit.**

With spring-like action, the browbar flexes to fit. Soft and flexible, it has just enough tension to fit comfortably on wide faces and securely on narrow faces.

nose profile

2 **Smart nosepiece construction adjusts to any nose.**

Amazing, patented nosepiece rotates 360° and pivots left, right, in and out. It can be precisely fitted to any nose bridge.

FitLogic® adjusts to fit more faces comfortably.

With four unique fitting points, the Uvex FitLogic adjusts to fit more faces.

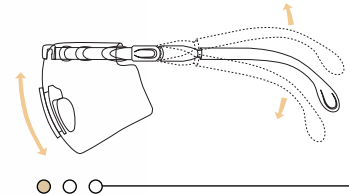

cheekbone profile

3

Precise lens angle adjustment to fit any cheekbone.

The temple arms ratchet up and down and click securely into place to contour-fit any cheek profile.

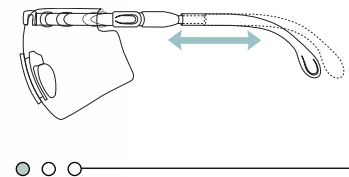

ear profile

4

Sliding temples lengthen to comfortably fit most ears.

The temples lengthen with a precise, sliding action for better fit and more behind-the-ear comfort.

Never before has there been
so much comfort for so many faces.

Distributor Contact Info:

All Uvex lenses offer ultra-violet protection and are available with your choice of tints.

Clear

Used for most indoor work applications.

Gray

Minimizes outdoor sunlight and glare.

Amber

For low-light applications where enhanced contrast is needed.

Silver Mirror

Deflects sunlight and glare.

SCT-Reflect 50

Light mirror coating for varying light conditions.

SCT-Gray

Minimizes outdoor glare and offers true color recognition.

SCT-Vermilion

For indoor applications where contrast is needed, such as inspection.

SCT-Blue

Applications with high levels of sodium vapor lighting.

Reading Magnifier

Individual bifocals molded directly into lens for increased magnification

Uvextreme® anti-fog coating performs under the most extreme conditions and will not wear off after repeated proper cleanings. It is permanently bonded to the lens and retains anti-scratch, anti-static and UV protection properties. Ultra-dura® hard coat is permanently bonded to the lens and is scratch-resistant and chemical-resistant.
